# TRUST IN TALASEY

We work tirelessly to offer premium landscaping solutions and we are constantly investing in our people and our technology to ensure that we deliver first-class customer experiences.

Here are just some reasons why our customers can rely on us as a true 'one-stop shop' to provide their hard landscaping solutions:

 **Extensive Range of Products Readily Available**

 **Ethically & Responsibly Sourced Products**

 **Sample Service**

 **Designer & Installer Network**

 **Multiple Training Options**

 **Technical Support**

 **Direct to Site & Home Delivery**

We support our network of UK builders merchants and stockists by only selling our products through them. Simply contact our Customer Engagement team for more details of your local suppliers.

You can rest assured that our products have been fully tested, are compliant to the latest regulations and that our ethical supply chain is fully audited and market leading.

## Our Service Offer

The Talasey Team are a large network of individuals, dedicated to delivering outstanding support to our customers. From our Customer Engagement Team, Area Sales Managers and Landscaping Consultants, to our Designer & Installer Network and beyond, we are fortunate to have a loyal support network behind us. This is further supported by our empathetic corporate social principles driven through our activities with our supply chain and community. Since 2004, these assets have been central to building Talasey and they will continue to shape us for years to come.

## CONTACT US

## Large Stock Holding

Having large, multiple stock yards across the UK allows us to ensure we are always well stocked and ready to deliver.

## Direct to Site Delivery

Ready to place your order? Contact our Estimating Team on 01302 965743, who can handle all of your enquiries and process your order for delivery directly to your home, supplied via your local stockist.

## Technical Guidance

Our knowledgeable and experienced team are on hand to answer any technical and installation enquiries you may have. Simply give us a call or why not visit the Knowledge Hub on any brand site, for further information and guidance on our products.

## Continued Support

In the unlikely event that you aren't 100% satisfied with your purchase, our Customer Care team are here to help. Simply give them a call on 0330 333 8030 or send an email to [customercare@talasey.co.uk](mailto:customercare@talasey.co.uk) along with your order information, and a member of our helpful team will provide you with further assistance.

## Corporate Responsibility

Talasey are passionate about responsible trading and wholeheartedly invest in our ethical supply chains and the people that work in them. We are active members of the Ethical Trade Initiative (ETI) and Ethical Stone Register.

We are proud of how we responsibly source raw materials, as demonstrated by our FSC® certification. All of Talasey's composite decking, fencing and cladding in our Piranha range is 100% FSC certified.

We are committed to the sustainability of our products and packaging and are regularly reviewing and updating them to be more environmentally friendly and recyclable where possible.

In addition to ethical supply chain relationships, we believe in supporting the people that work in our community and as such, are National Landscape Partners of the Band of Builders charity and proud supporters of Perennial, the charity that provides confidential support and information to everyone working with plants, trees, flowers and grass.

*Perennial was there for me in my hour of need and may well have saved my life. It sounds dramatic, but their calm guidance at a time when my life was in turmoil massively helped me.*

At Talasey we offer a selection of training courses to meet customer needs. Our Product Installation Courses offer a blend of theory and hands-on practical learning, which cater to those who already install landscaping products and anyone new to the landscaping industry. Our courses are also suitable for DIYers who are looking to undertake their own installation with confidence.

Our range of product installation courses include:

- ▶ **Installation of Composite Decking & Cladding**
- ▶ **Installation of Artificial Grass**
- ▶ **Basic Site Setting out and Preparation**
- ▶ **Installation of Porcelain Paving Materials**
- ▶ **Installation of Stone Paving Materials**

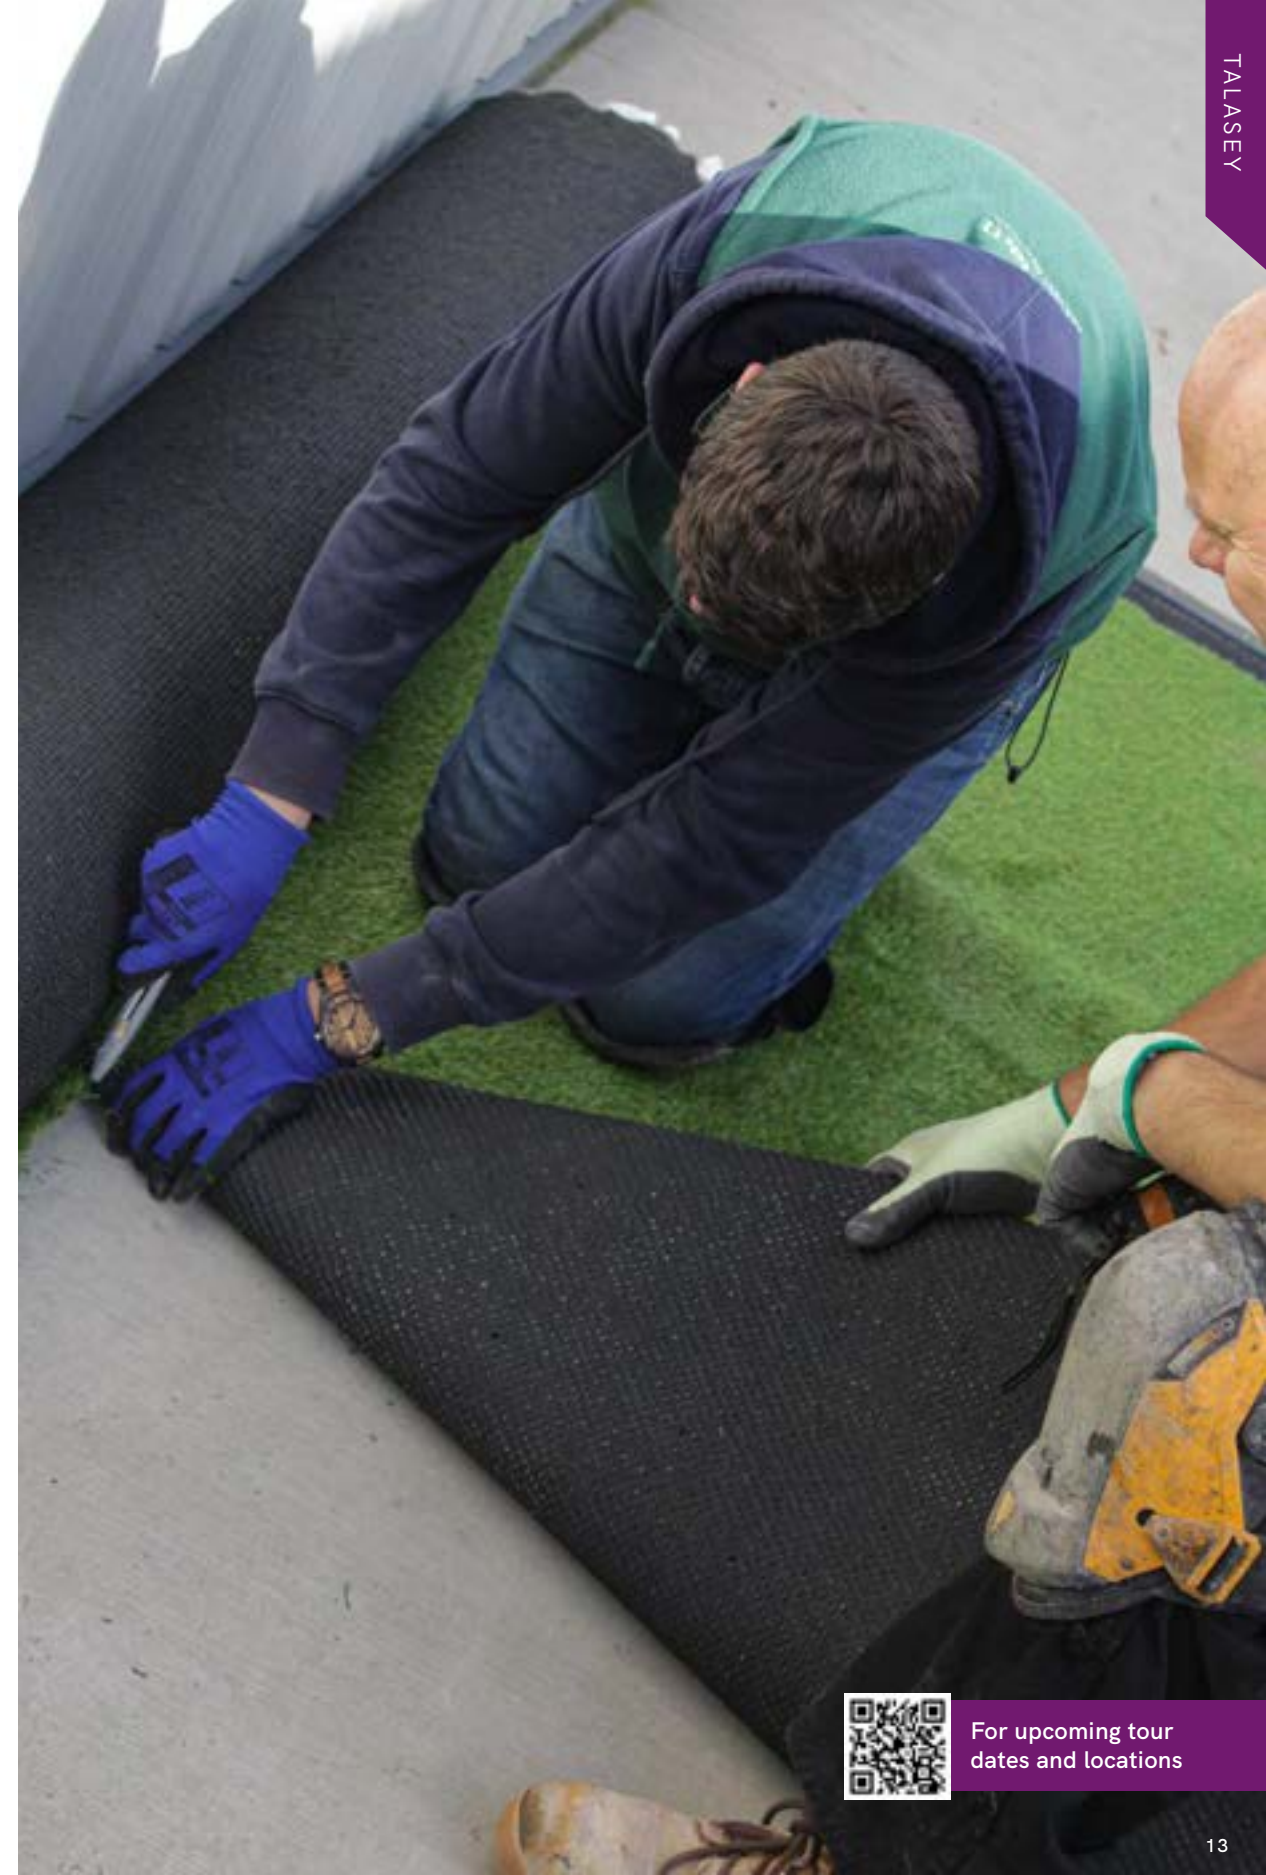

Our facilities comprise of a large product display room and external display area, allowing attendees to see our products in situ, and understand their various applications.

All of our courses are designed to cover domestic applications, and are held at our purpose built training facility in Lincolnshire.

### Talasey On Tour

**Coming to a town near you!**

Our mobile showroom travels all over the country, visiting a number of our merchant suppliers, whilst also attending many landscaping events and exhibitions, to showcase our range of products, solutions and services. With knowledgeable and hands-on staff, Talasey on Tour is an ideal way to experience and understand product features and benefits, whilst seeing and feeling our products first hand.

# PIRANHA

QUALITY THAT LASTS

COMPOSITE  
DECKING - FENCING - CLADDING

100% FSC® Composite Products

## ► Why Choose Piranha?

Piranha is a responsibly sourced range of composite decking, fencing and cladding solutions designed to create attractive, durable, practical, and low maintenance outdoor spaces.

Developed using advanced and innovative technology, Piranha offers an unrivalled level of performance, enhanced aesthetics and is a contemporary alternative to traditional looking, high maintenance timber decking, fencing and cladding.

-  **Easy to Clean**
-  **Highly Durable**
-  **Will not Rot, Warp or Split**
-  **100% FSC® Certified**
-  **Made From Recycled Materials**
-  **Responsibly Sourced**

## Responsibly Sourced

The Forest Stewardship Council® (FSC) runs a global forest certification and audits forest management and chain of custody. The FSC system allows businesses and consumers to identify and purchase timber based products that are made with materials from ethical, well managed forests and/or recycled sources.

**Talasey are FSC certified and by choosing Piranha you are helping to take care of the world's forests.**

We are passionate about the responsible sourcing of our raw materials, as demonstrated by our FSC Certification.

Piranha composite products are made from a mixture of:

**60%**  
Hardwood  
Timber

**30%**  
Recycled HDPE  
Plastic Materials

**10%**  
Additives

For every

**323**

deck boards manufactured we save

**1000kg**

of plastic from polluting our oceans or landfill

# Decking Terrafuzion

Terrafuzion is a range of three superior composite decking products. Each board shows an enhanced woodgrain and is dual sided to reveal two different shades of the same colour palette.

Our Terrafuzion range offers maximum performance with its heavy duty capped surface, meaning it has a higher resistance to staining and scratching. Matching edgings and fascias are also available, along with clips and screws, to allow for a neat and secure finish.

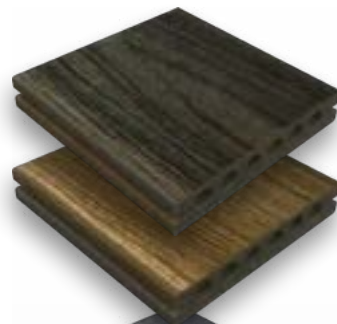

## PRODUCT INFO

Board Size: 3600 x 140 x 23mm  
Weight Per Board: 8.40kg  
Coverage Per Board: 0.50m<sup>2</sup>  
Pieces per full pack: 112

## THE BENEFITS

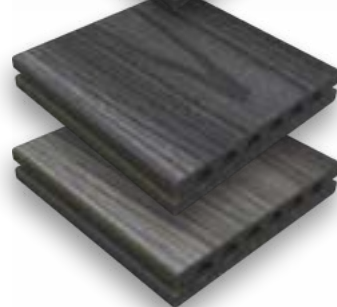

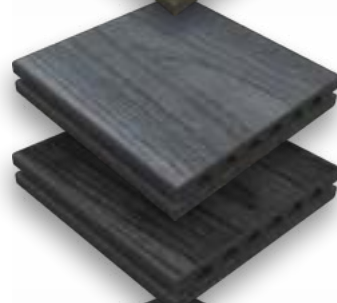

- 👑 25 Year Warranty\*
- 🔥 Class B Fire Rating
- 🛡️ Heavy Duty Capped
- ☂️ Increased Protection against fading and weathering
- 🔄 Dual sided

\*For domestic applications.

MOCHA  
ESPRESSO

SLATE  
GRAPHITE

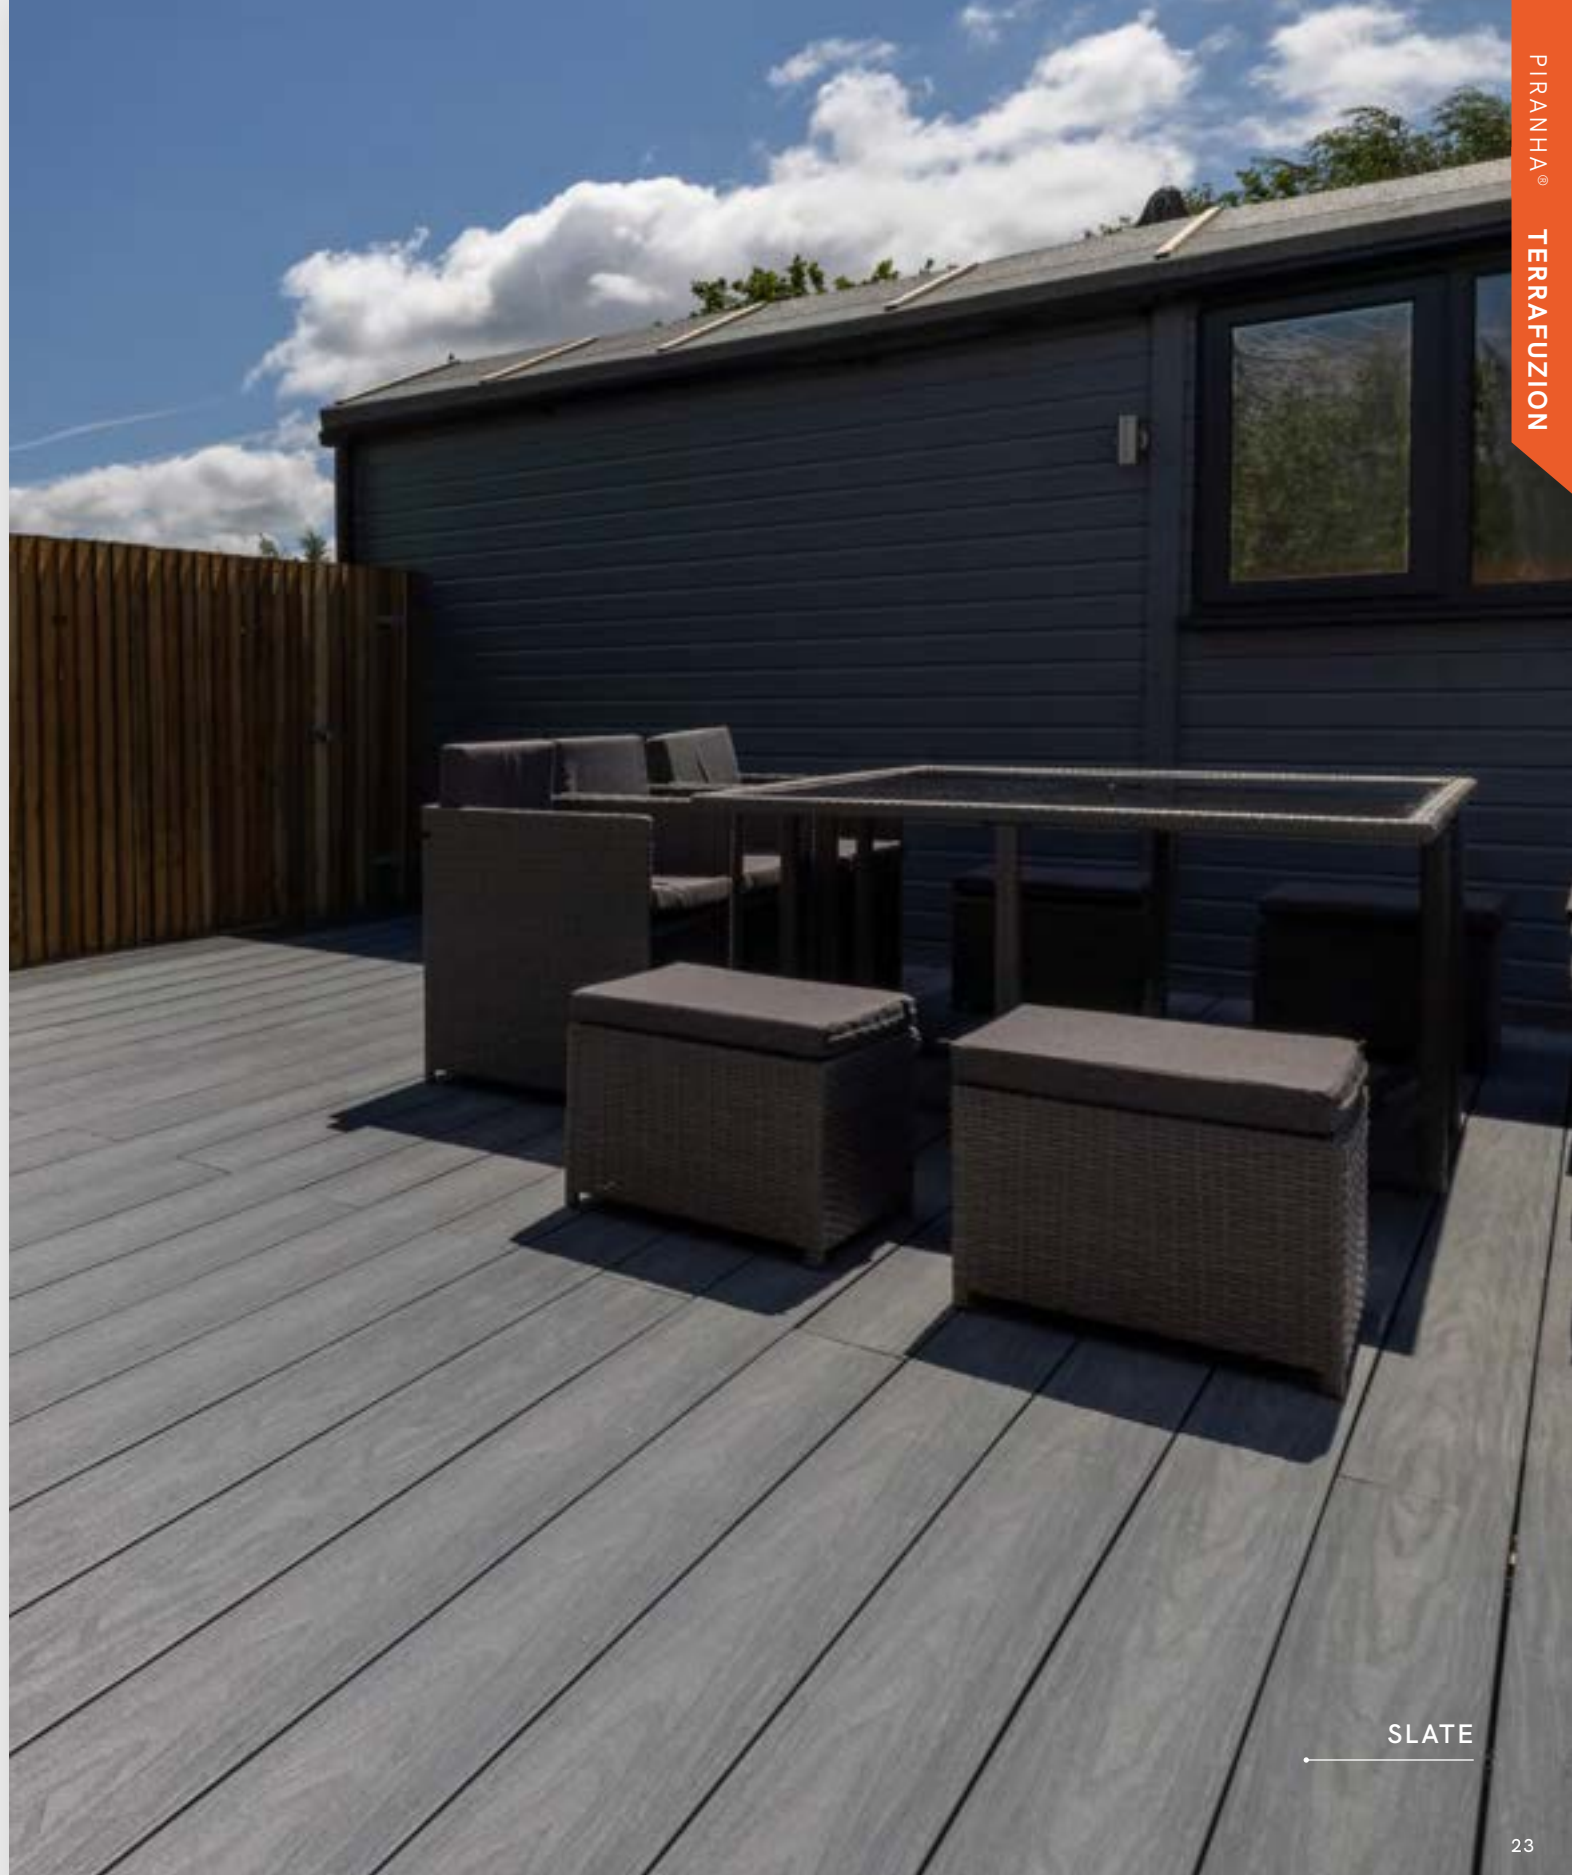

ISLAND MIST  
SANDSTONE

## ▶ Slate & Graphite

The Slate/Graphite composite decking boards are an ideal solution for homeowners who are looking for an ultra-modern decked area. Presenting a blend of dark grey and graphite, this decking is well suited in a contemporary space.

## ► Sandstone & Island Mist

Sandstone/Island Mist is an ideal option for homeowners looking to create a light and modern decked area. Offering two shades of light grey, it is the perfect choice for those wanting to incorporate a modern colour palette whilst keeping a lighter aesthetic.

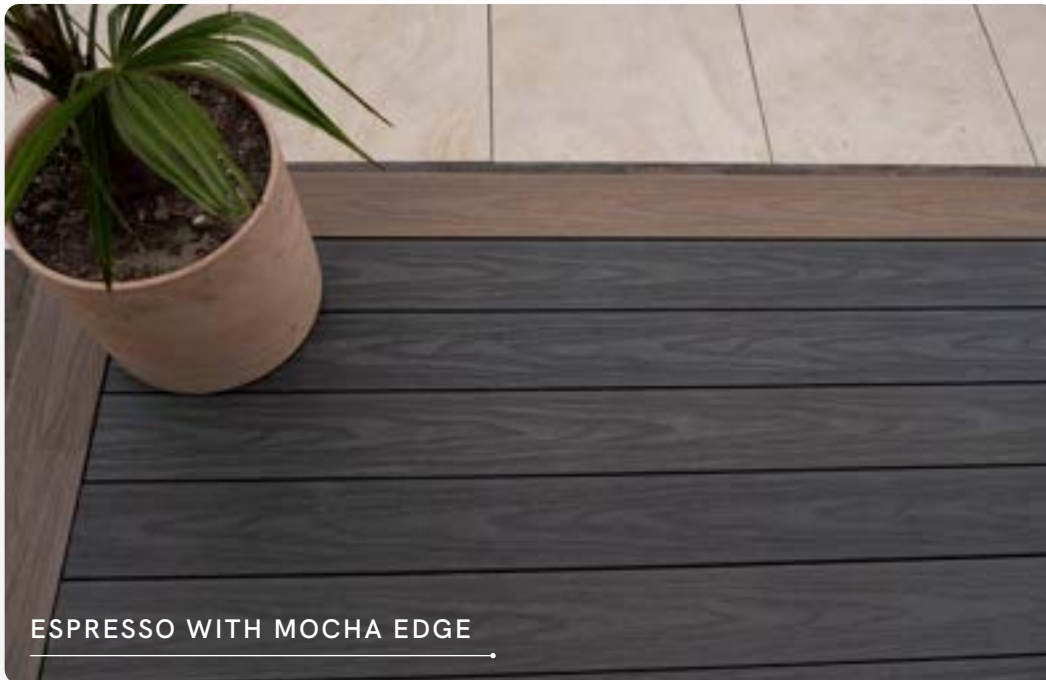

## ▶ Espresso & Mocha

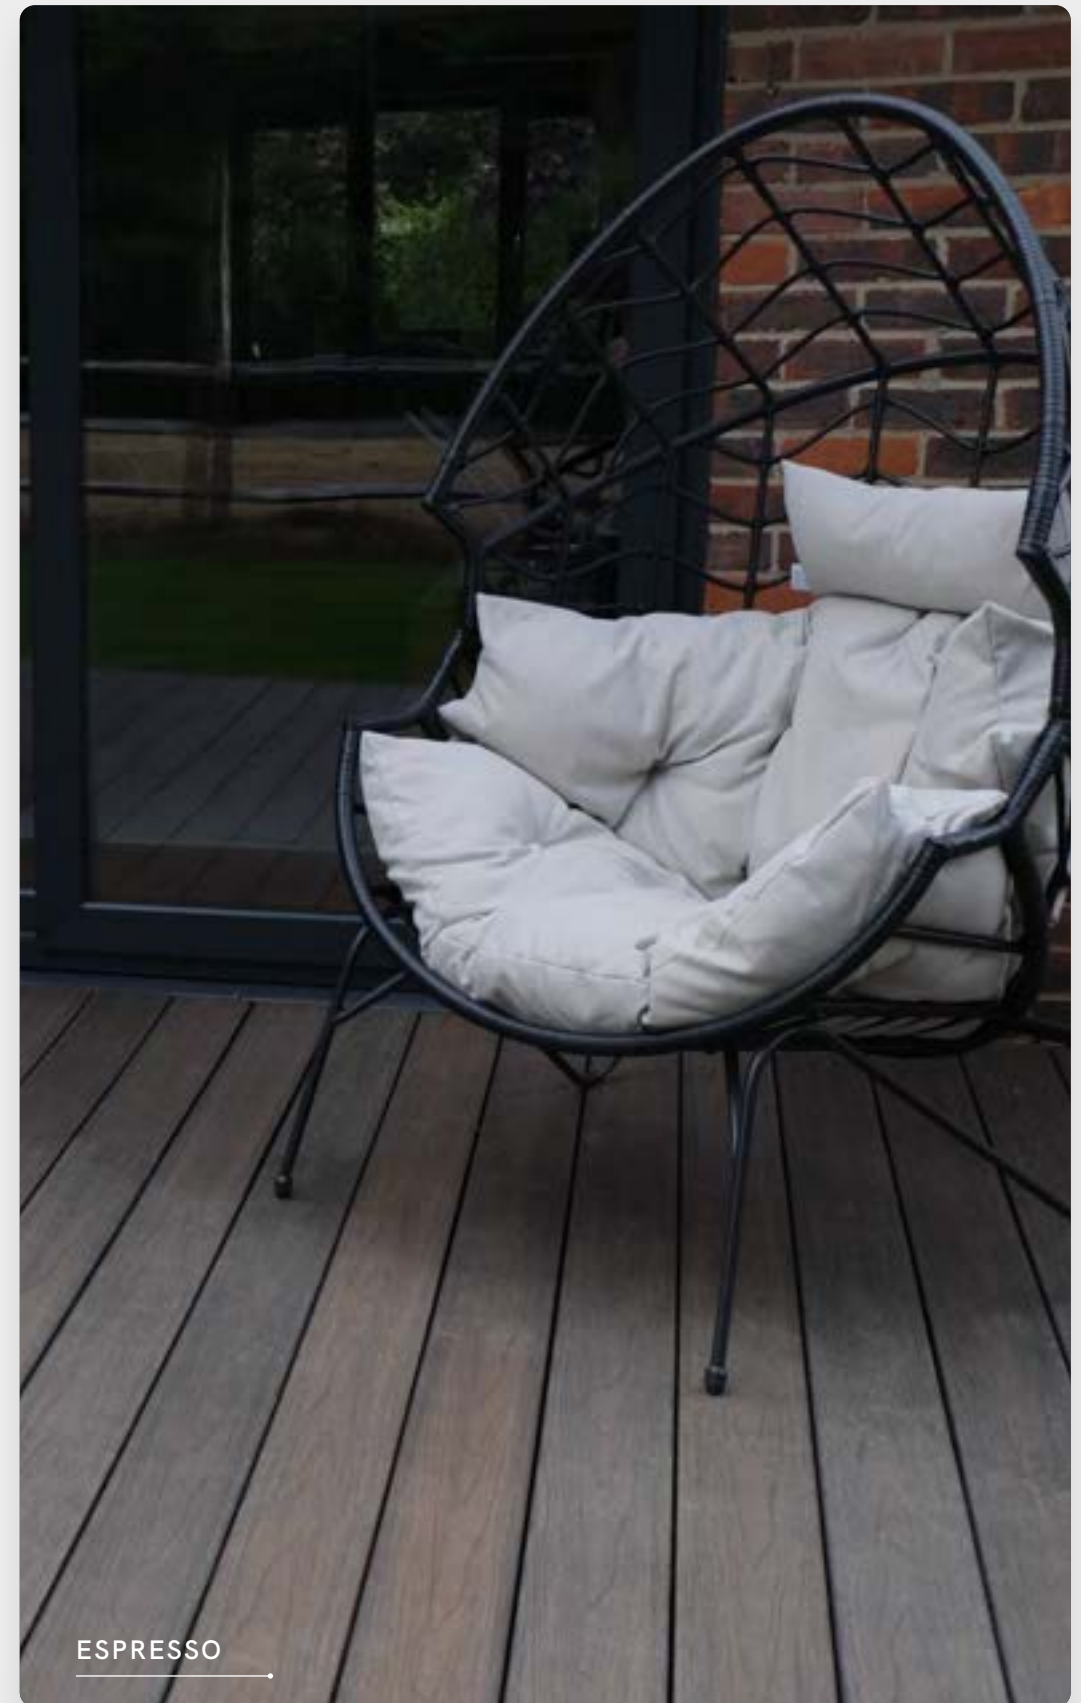

Espresso/Mocha is the perfect choice for those seeking the aesthetics of a natural timber deck, without the maintenance. Presenting two shades of brown, the warm colour palette offers a timeless and traditional feel, that will look good for years to come.

Please note the Terrafuzion Edging & Fascia Boards are the same colour on both sides and present a woodgrain finish.

# Decking Hunter

Hunter is a range of three composite decking products, with each colour option showcasing a woodgrain effect pattern on one side, and a matching traditional grooved finish on the reverse, allowing them to be laid either way, or contrasted to create unique designs.

Matching edgings and fascias are also available, along with clips and screws, to allow for a neat and secure finish.

See page 36 for more information

## THE BENEFITS

-  10 Year Warranty\*
-  Class C Fire Rating
-  Reversible

\*For domestic applications.

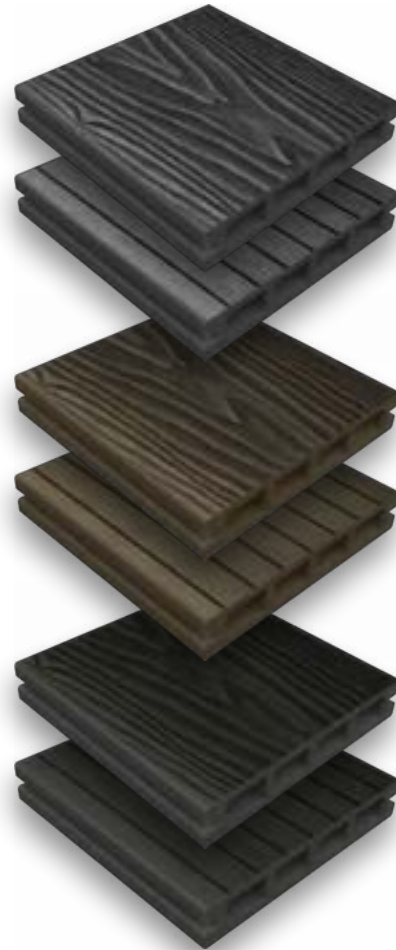

## PRODUCT INFO

Board Size: 3600 x 136 x 25mm  
Weight Per Board: 9.80kg  
Coverage Per Board: 0.48m<sup>2</sup>  
Pieces per full pack: 112

MID GREY

BROWN

ANTHRACITE

MID GREY

► **Mid Grey**

Mid Grey is a light and airy shade of composite decking, ideal for those looking to achieve a contemporary landscaping style.

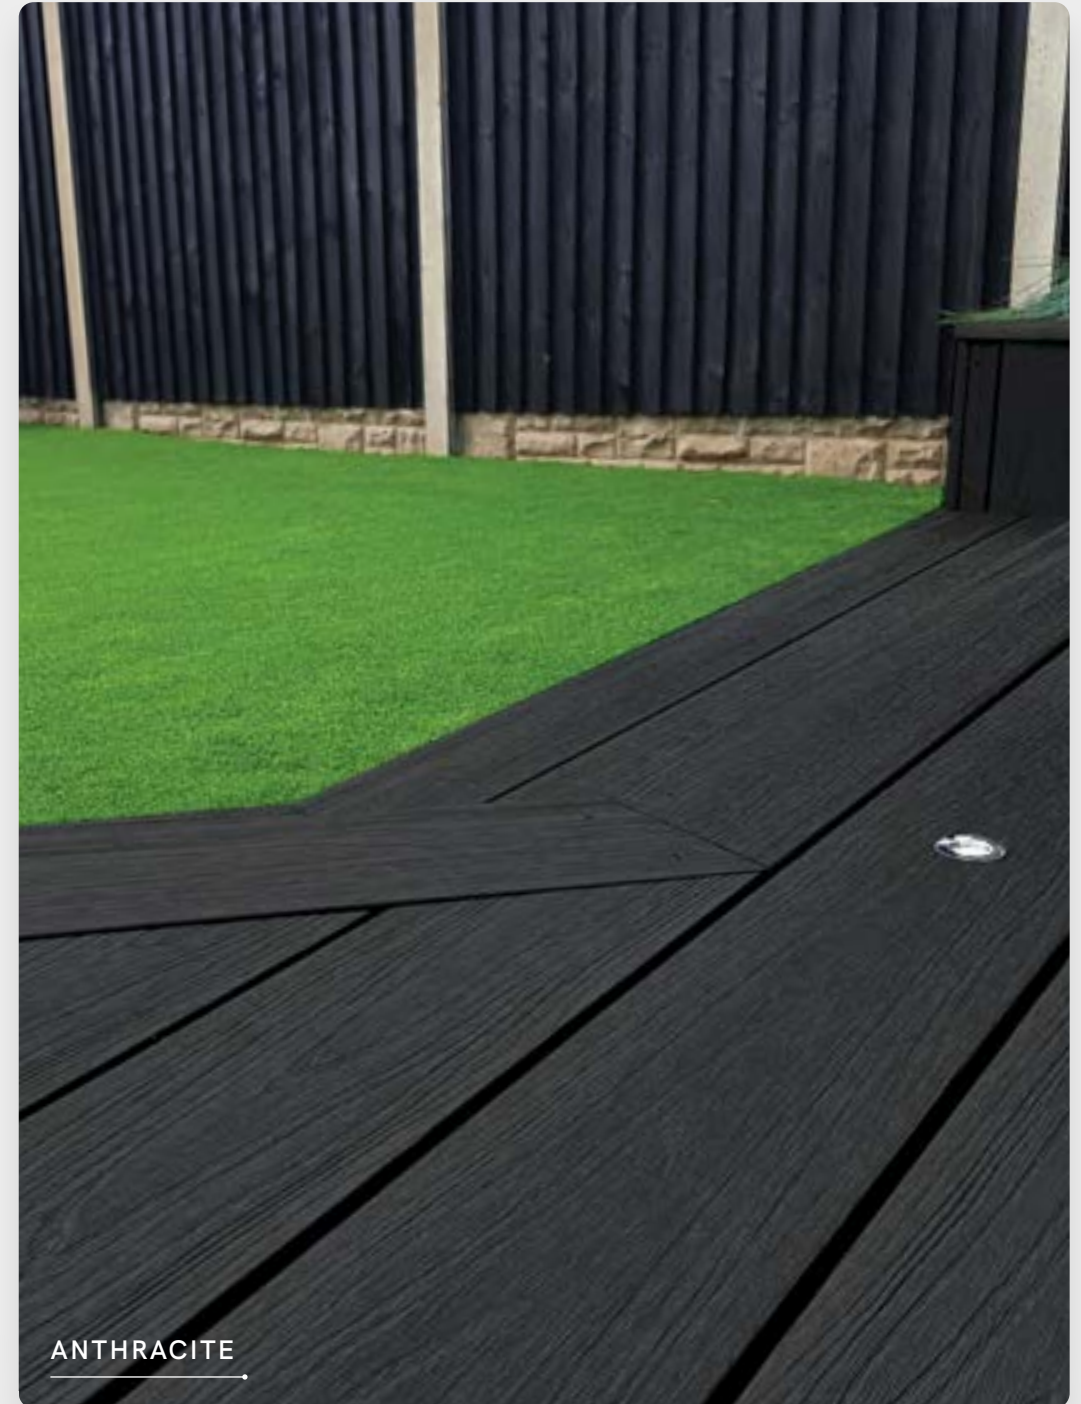

## ▶ Brown

For a traditional feel, Brown is ideal for homeowners who wish to have the aesthetics of natural brown wood, with all of the low maintenance properties of composite decking.

## ▶ Anthracite

This impressive dark grey product offers a modern, clean and slick finish, adding depth and character to any landscaping project.

## ► Fascias & Edgings

To accompany our Hunter range of decking boards we offer Fascia Boards and Edging Boards, which allow you to create a neat finish to your installation.

### FASCIA BOARDS

MID GREY BROWN ANTHRACITE

Our Hunter Fascia Boards are designed to cover the front edges of the decking once laid, so the underside of the installation cannot be seen.

#### PRODUCT INFO

Board Size: 3600 x 150 x 10mm  
Weight Per Board: 7.12kg  
Coverage Per Board: 0.54m<sup>2</sup>  
Pieces per full pack: 140

### EDGING BOARDS

MID GREY

BROWN

ANTHRACITE

Our Hunter Edging Boards provide a bullnose finish, adding the perfect finishing touch to your installation.

#### PRODUCT INFO

Board Size: 3600 x 136 x 25mm  
Weight Per Board: 9.80kg  
Coverage Per Board: 0.48m<sup>2</sup>  
Pieces per full pack: 112

Please note the Edging & Fascia Boards both present a woodgrain finish on one side.

## ► Clips

Our range of Piranha Clips can be used with both the Terrafuzion and Hunter ranges. This concealed fixing system ensures a clean, finished install on your deck, without the need for unsightly screws.

### STARTER CLIPS & SCREW (25 PER BOX)

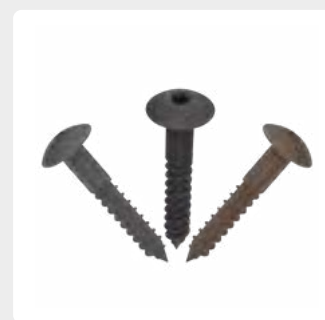

Used for the installation of the first deck board. Can also be used for edging boards.

### T-CLIP (UNIVERSAL EDGING CLIP) & SCREW (100 PER BOX)

Designed to be used during the installation, attaching the deck boards to the joists, offering an alternative clip to the slim metal clips. Provides an approximate 7mm joint.

### COLOURED SCREWS (25 PER PACK)

To secure the fascia boards to the sub-frame. Available in a choice of 3 colours to complement both decking ranges.

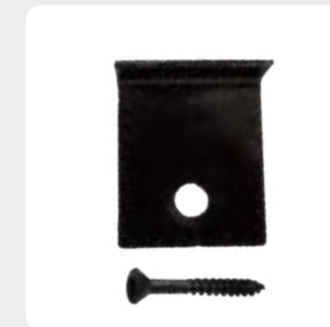

- Brown Cedar
- Black Carbon
- Antique Grey

### SLIM METAL CLIP & SCREW (100 PER BOX)

To be used during the installation, attaching the deck boards to the joists offering an alternative clip to the T Clips. Provides an approximate 5mm joint.

### END CLIP & SCREW (25 PER BOX)

Designed to be used during the installation to secure your last board.

Installation Guides

## ▶ Joist Protection Tape

80mm x 20m

This self adhesive tape adds a water resistant layer to protect timber joists from moisture penetration.

- ✔ Waterproof
- ✔ 25 Year Bond Durability
- ✔ Self Adhesive
- ✔ UV Stable
- ✔ EPDM

## ▶ Pavetuf Risers

To assist you with the installation of your Piranha Composite Decking, we offer Pavetuf Adjustable Risers, which provides an alternative laying method to traditional joists.

Our risers enable simple installation of decking allowing it to be used in a number of applications including flat roofs, terraces and balconies.

### BENEFITS INCLUDE

- 🚶 Allows for the conversion of unused rooftops and decks into attractive, hard-wearing areas, increasing the footprint of properties.
- 🔧 Ease of install and removal. The system can be moved over and over again, so if you move you can take your products with you.
- ⬇️ Allows for the levelling of decked areas, flush to buildings without compromising damp proof courses, to create sleek inside to outside areas.

TERRAFUZION ISLAND MIST

# Fencing

Piranha's fully capped composite fencing is available in three modern colours, each displaying an enhanced woodgrain finish on both sides, allowing the installation to not only enhance your own property, but also your neighbours!

As with all Piranha products, the fencing is low maintenance, durable against the elements and long lasting.

With optional Trellis and Decorative Aluminium Slats also available, you can create truly unique designs to enhance your landscape.

## THE BENEFITS

- 👑 25 Year Warranty \*
- 🔧 Easy to install
- 🛡️ Fully capped boards for additional protection
- ☀️ Enhanced Performance
- 🏠 Dual sided woodgrain finish

\*For domestic applications.

## ▶ Fencing Kits

To enable ease of ordering and simple installation, we offer pre-collated kits which include all of the elements of the fencing, posts and fixings that you may require.

ANTIQUE GREY

### FENCING ELEMENTS

\*Width from post centre to post centre.

## ▶ Bolt Down

### Bolt-Down Fencing Kit - 1800 x 1890\*mm

This allows the fencing to be bolted onto any pre-prepared level surface, including concrete, paving and decking.

#### THIS KIT INCLUDES

- ✔ 1 x Fence Post Kit (Fence Post, Post Cap, 4 x fixing bolts, Post Skirt)
- ✔ Top and Bottom Trim Kit (Top & Bottom Trim, 4 brackets, 8 screws, driver bit)
- ✔ 12 x fence boards to create one full panel

## ▶ In Ground

### In-Ground Fencing Kit - 1800 x 1890\*mm

This allows the fencing to be fixed directly into the ground.

#### THIS KIT INCLUDES

- ✔ 1 x Fence Post Kit (Fence Post, Post Cap)
- ✔ Top and Bottom Trim Kit (Top & Bottom Trim, 4 brackets, 8 screws, driver bit)
- ✔ 12 x fence boards to create 1 full panel.

Both kits are available with or without a trellis option. If a kit is ordered with a trellis option, you will receive 3 less boards to allow for the trellis.

Please note as our Fence Kits are supplied with 1 fence post kit, an additional post kit will be required to complete the installation of the last panel.

\*Finished height.

▶ **Trellis**

1800\* x 150mm

Our Trellis adds shade and privacy to your landscape whilst offering you more choice to add extra style and design, to create a unique space.

HORIZONTAL  
TRELLIS

DIAGONAL  
TRELLIS

- ✔ Available in 2 stylish designs; Horizontal and Diagonal
- ✔ Powder coated aluminium
- ✔ 1 trellis panel replaces 3 fence boards
- ✔ Can also be used as decorative side panels

\*Fitted size.

▶ **Decorative Aluminium Slats**

1800 x 50mm\*

Our Decorative Aluminium Slats can be used as a stylish alternative to fence boards. The aluminium slats create breaks between boards for a modern and unique finish. Available in packs of 3, with each pack replacing 1 fence board.

\*Total height of 3 slats. Fitted size.

## ► Fencing Components

All of the component parts are available to order separately for bespoke requirements.

Various heights and designs can be achieved.

## ▶ Cladding

Piranha composite cladding offers homeowners and designers a unique way to style their outside living space.

Our Shadow Gap Cladding provides a sleek, modern 'slatted' look, ideally suited in contemporary spaces. For those who are after a more traditional feel, take a look at our Traditional Cladding range.

Available in a choice of three colours, both Piranha Cladding ranges present a natural woodgrain effect finish.

### THE BENEFITS

- 👑 25 Year Warranty\*
- 🛡️ Fully Capped
- ☂️ Increased protection from fading and weathering
- 📏 Range of matching composite trims and fixings
- 👁️ Concealed fixing system

\*For domestic applications.

The Piranha Cladding ranges can be used for:

- Landscape Gardens
- Garden Buildings
- Residential Projects
- Commercial Projects
- Modular Buildings
- Industrial Applications

## Shadow Gap Cladding

Our Shadow Gap Cladding is a popular choice amongst homeowners and garden designers, ideal for those wanting to add a touch of contemporary luxury to their outside space.

The concealed fixing system enables the cladding to be fitted vertically or horizontally, giving extra design options, so that you can really tailor your space.

The system comes with a range of trims and fixings, to allow for a neat and secure finish.

# Considerations

## Pre-Purchase & Delivery

We strongly recommend you view the product before making a purchase. You can make use of our sample service before placing your order, to get a better look and feel of the product. Head to our website to order your samples, or give us a call. Alternatively, contact us to find your nearest Piranha stockist where you can view the product on display.

Always purchase all the boards for the project together, as colour may vary from batch to batch. Batches bought at different times will vary due to natural and process variables, from material batching to temperature and humidity.

Inspect boards upon arrival to ensure they are satisfactory for your requirements. Once installed they have been deemed satisfactory and cannot be returned.

The boards are designed to have some shade variations, for a more natural look. Some packs may have more shade variation than others, so we recommend mixing from all packs, to achieve an even blend.

Always allow for wastage (10% is recommended subject to design)

For detailed, step by step, installation guides, visit the Knowledge Hub on the Piranha website.

## Aftercare

Although very low maintenance, your composite products are still outside in the elements and will require some general cleaning to keep them looking their best.

Maintaining a clean, dry surface is the best method for combating dirt, grime and mildew build-up.

We recommend you clean your composite products every 3-6 months. Our Pavetuf range of cleaners offers a specific cleaner designed for use with Composite products.

For further tips and advice on cleaning your composite decking, visit our website.

# LUXIGRAZE

Perfection all  
year round

QUALITY ARTIFICIAL GRASS

## Why Choose Luxigraze?

Luxigraze is an established range of high quality artificial grass products designed for beautiful, all year round, low maintenance gardens.

Available in a variety of specifications, Luxigraze provides a durable, child and pet friendly lawn, creating a safe outdoor environment for all of the family.

## Benefits of Luxigraze

-  **Low Maintenance:** No mowing, no watering, no mud!
-  **More Natural Look:** Luxigraze Artificial Grasses consist of a multi-tone green pile, with a brown thatch, providing a realistic appearance, which is soft and lush underfoot.
-  **Versatile:** Can be used in a wide range of applications, to improve the look of any outdoor space.
-  **Durable:** Luxigraze is supplied with a 10 Year UV Guarantee. It is extremely hardwearing, long-lasting and should withstand regular use, even in areas of high traffic.
-  **Ideal for Children and Pets:** Luxigraze provides a safe and clean alternative to natural grass whilst putting a stop to the never-ending struggle to keep pets clean. Artificial grass is extremely robust and will cope with even the most playful and demanding of children and pets.
-  **Excellent Drainage:** Pre-punched for drainage, making it highly permeable (in most cases it drains more efficiently than natural grass, and it dries out quicker too!).
-  **High Quality Backing:** Holds the grass blades in place, preventing them from being pulled out, providing enhanced grass strength.
-  **No Grass Pollen:** With zero pollen count, Luxigraze will not set off any dreaded hayfever symptoms!

### OUR EXPERT TIPS

- ▶ **Pile direction** needs to be taken into consideration when measuring, planning and installing.
- ▶ Each order is cut from the same batch to ensure **colour consistency**. Please be aware that if you place multiple orders there could be a slight colour variation.
- ▶ We recommend that you roll out the artificial grass and **leave to settle**, for a minimum of 24 hours before installing, to allow it to relax and acclimatise.
- ▶ Product sizes, weight and coverages stated are **nominal**.

# Artificial Grass

With so many specifications to choose from, it can be difficult to select which one is best for your application. Our versatile range of artificial grasses are suitable for a number of uses, so take your time to compare each product and choose the one that you feel is best for your requirements.

Make use of our handy online sample service to order you samples directly to your door!

## 40 Luxury

40MM

With a long and lush appearance, this top quality artificial grass looks great in any outdoor space, with the slightly longer pile height providing a soft and cushioning feel.

### 30 Premium

30MM

For a natural looking lawn, 30 Premium is a realistic alternative to natural turf, that looks and feels like the real thing!

## 27 Super Luxury

27MM

A top of the range and exceptionally lush option, 27 Super Luxury combines a dense, deep pile with multi green fibres for a natural look.

## 30 Luxury

↑ 30MM

A luscious and soft artificial grass, the natural texture is created by the soft yet hardwearing fibres, providing a luxurious feel.

## 32 Luxury

↑ 32MM

Designed to look as stunning as natural turf, 32 Luxury is flexible and durable, creating a soft and comfortable feel underfoot.

## 20 Premium

↑ 20MM

With a shorter pile height, 20 Premium gives the appearance of a freshly cut lawn all year round.

## 35 Eco

↑ 35MM

A 100% recyclable artificial grass, with no compromises on quality or performance. 35 Eco boasts a super soft and resilient pile.

## Pro Putt

↑ 15MM

If you want to perfect your putting in the comfort of your own home, this is the choice for you! Pro Putt is designed specifically for domestic putting greens\*.

\*This product requires a sand dressing of fine dried silica sand at a rate of approximately 12kg/m<sup>2</sup> (this could be increased depending on the speed required).

## Cut to size

Luxigraze artificial grasses are supplied in 2m and 4m widths, cut to your required length (to the nearest 10cm), up to 25m. There is a minimum order of 1m length.

# Considerations

## Pre-Purchase

We strongly recommend you view the product before making a purchase. You can make use of our sample service before placing your order, to get a better look and feel of the product. Head to our website to order your samples, or give us a call. Alternatively, contact us to find your nearest Luxigraze stockist to view the product on display.

## Order & Delivery

All artificial grasses have a directional pile, which needs to be taken into consideration when measuring, planning & installing. It is recommended the pile faces towards the house or main viewpoint, as the grass will look more natural when looking into the pile.

Each order is cut from the same batch to ensure colour consistency. Please be aware that if you place multiple orders there could be a slight colour variation.

Inspect the artificial grass upon delivery to ensure it is satisfactory for your requirements. Once installed it has been deemed satisfactory and cannot be returned.

## Installation

We recommend you roll out the artificial grass and leave to settle, for a minimum of 24 hours, before installing, to allow it to relax and acclimatise. Contact us to find your nearest installer. If you are looking to undertake the installation yourself, the Knowledge Hub on our website contains a detailed installation guide.

## Aftercare

In order to maintain your artificial grass, it is recommended that on a regular basis you remove any debris such as leaves, twigs or airborne seeds, using a stiff brush or leaf blower. The Luxigraze range offers two cleaners for both on the spot and overall cleaning which can be used to keep your lawn looking and smelling fresh.

For further tips and advice on installation and aftercare, we strongly recommend you continue your research by reading our in-depth Guide To Understanding and Installing Luxigraze. Visit the Knowledge Hub on our website for further information.

# Accessories

Designed to aid the simple installation and maintenance of Luxigraze artificial grass, Luxigraze offers its own range of accessories.

**LUXIGRAZE ADHESIVE**  
310ML

- ▶ Moisture curing, solvent-free, polyurethane adhesive, designed to bond the underside of artificial grass to jointing tape and / or a solid sub-base for a secure finish.
- ▶ 1 cartridge covers 2-3 linear metres of Luxigraze Jointing Tape or provides a 10m bead (when fixing to a solid sub-base).

**LUXIGRAZE JOINTING TAPE**  
20CM WIDE

- ▶ A strong geotextile fabric designed to be used in conjunction with Luxigraze Adhesive to join artificial grass.
- ▶ Available in 20m and 100m rolls or cut to length to the nearest metre.

**LUXIGRAZE SELF ADHESIVE JOINTING TAPE**  
20CM WIDE

- ▶ Constructed with a non-woven fabric, which is durable and strong.
- ▶ Simple application, allowing speedy joining of Luxigraze Artificial Grass, creating instant seams.
- ▶ Available in 5m lengths.

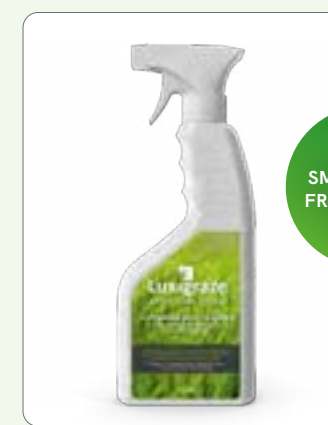

**LUXIGRAZE U PINS**  
150 X 30 X 4MM

- ▶ Galvanised and heavy-duty, to secure the perimeter of your Luxigraze Artificial Grass to soft ground.
- ▶ The U Pin sits below the pile and its green top will be camouflaged.
- ▶ Supplied in packs of 10.

**LUXIGRAZE WEED MEMBRANE**  
100GSM - 2M X 100M

- ▶ Designed to be laid underneath the artificial grass during installation to inhibit weed growth.
- ▶ Available in full rolls or cut to your desired length.

**LUXIGRAZE SPOT CLEANER**  
1 LITRE

- ▶ Designed for use on artificial grass, in an easy to use trigger spray bottle.
- ▶ Removes dirt, grease, animal droppings, algae and moss, whilst adding a freshly cut grass fragrance.

SMELLS LIKE FRESHLY CUT GRASS

**LUXIGRAZE CLEANSER**  
5 LITRE

- ▶ A powerful concentrated artificial grass cleaner, which is safe and easy to use.
- ▶ With a freshly cut grass fragrance, it helps suppress bacteria, algae and fungal growth.

## Trust in Talasey

General product information and guidance

### ABOUT US

Talasey Ltd is one of the UK's leading suppliers of high-quality, ethically sourced landscaping products. We supply a large range of branded landscaping products including Natural Paving, Vitripiazza, Pavetuf, Luxigraze and Piranha to businesses and their consumers. We have a team of highly experienced sales and technical staff who are available to provide advice and guidance on our products. For further information please contact our Customer Engagement Team on 0330 333 8030.

For further important details about our products please refer to our product brand websites ([naturalpaving.co.uk](http://naturalpaving.co.uk), [vitripiazza.co.uk](http://vitripiazza.co.uk), [pavetuf.co.uk](http://pavetuf.co.uk), [luxigraze.co.uk](http://luxigraze.co.uk) and [piranhadecking.co.uk](http://piranhadecking.co.uk)).

### UNDERSTANDING OUR PRODUCTS

We have Understanding and Installing Guides for all our ranges that we recommend you read prior to purchase. They are designed to help you with your choice, what to expect upon delivery, some basic installation advice and how to look after your investment.

### PURCHASING OUR PRODUCTS

If you would like to purchase any product/s from our range, please contact us directly through our Customer Engagement Team. We can assist you by providing contact details for our network of stockists, designers and/or installers. All sales will be subject to applicable Terms and Conditions which are available directly upon request.

### SAMPLES

Samples are available by enquiry through our Customer Engagement Team, our website or through your local merchant.

### DISTRIBUTION

Talasey Ltd's products are available to our stockists for collection or delivery from our distribution centres at Tilbury, Doncaster and Grangemouth.

### UPON DELIVERY

All products must be checked on arrival and in the unlikely event of products reaching you in a less than satisfactory condition, please refer to your stockist immediately, allowing time for the affected product to be replaced. Do not install any affected product as we will be unable to consider changing it nor will we accept any installation costs. We recommend if you are going to be away from home whilst the product is laid by a contractor, check you're happy with it before you go.

### DIMENSIONS

All sizes and coverages stated throughout this brochure are estimates and will be subject to minor variation, subject to tolerances. Tolerances will vary from product to product and specific guidance should be sought from our Customer Engagement Team before placing an order.

### WASTAGE

Allow for cuts and positioning during install, allow for individual units with characteristics that may not be to the users personal liking and, in addition, consider that due to the nature of some of our products and the journeys that they endure to get to your door some breakages may be incurred. Therefore, we recommend that you order an additional 5-10% on the volume calculated.

### SPECIFICATIONS

We reserve the right to change, or discontinue, any of our product specifications or designs without notice. We cannot accept any liability for products used for purposes that they were not intended for. We recommend taking expert advice on the suitability of products for your specific needs. Product Specification and Design Guidance documents are available on request, via your local merchant or stockist.

### INSTALLATION

We have Planning and Laying Guides and/or technical advice available on our product brand websites, (as above), to assist your installation. If in doubt, always speak to a local expert and/or carry out research from reputable independent sources.

### COLOURS

The images in this portfolio are only indicative of the shades, and their proportions, that may be represented in any given production batch. The colours shown are as accurate as reprographic processes allow.

Mixing packs is recommended even if the entire delivery has been batch matched.

Always try and order enough product to complete the project to minimise batch variation and try not to mix sources of supply without checking compatibility, prior to install.

It is strongly recommended you check all the product supplied is from the same production batch before commencing installation.

### COLOUR STABILISATION

All our Piranha products contain UV stabilisers, however, due to their high natural content, all composite landscaping products will go through an initial colour stabilisation.

Talasey cannot accept responsibility for any potential weathering characteristics or the effects of potentially deleterious materials.

## MAINTENANCE & CLEANING

For full advice, refer to our Understanding and Installing Guides in our Knowledge Hub.

We have a wide range of Pavetuf maintenance and cleaning products to either help protect your products or make cleaning easier. Refer to our website [www.pavetuf.co.uk](http://www.pavetuf.co.uk).

## HEALTH & SAFETY

For full advice, refer to our Understanding and Installing Guides in our Knowledge Hub and always follow the product labels. Material Safety Data Sheets are available on request.

It is your responsibility to ensure that you comply with all applicable health and safety legislation and guidelines.

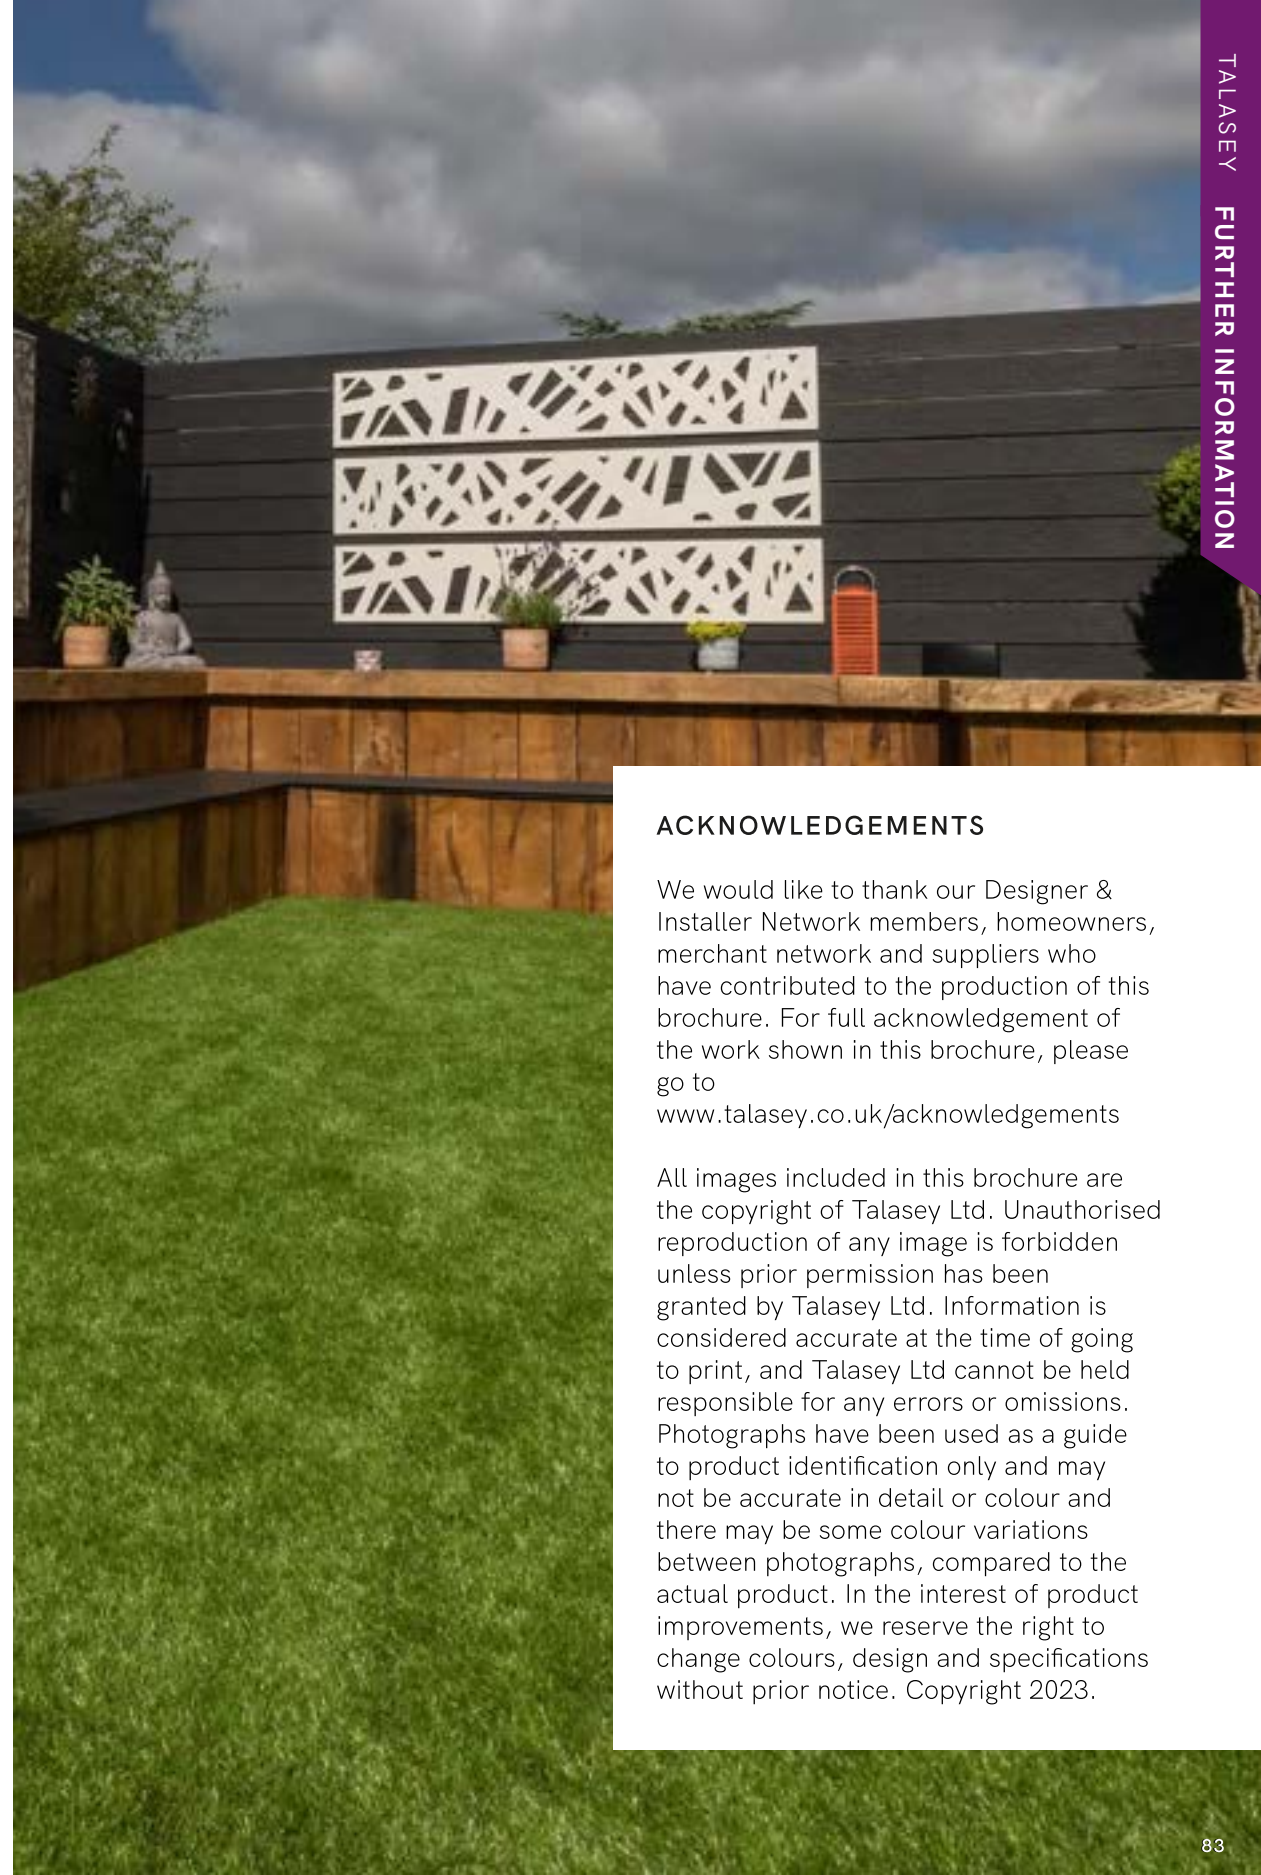

## DESIGNER & INSTALLER NETWORK

Please note that our scheme is designed to provide a list of members that are independent contractors, installers and designers, to assist you in choosing a landscaping professional. Talasey Ltd cannot accept credit or responsibility for their actions and work.

## LEGAL NOTICE

The information in this brochure, on the Talasey Ltd's website, in a guide or any document referred to herein (the "Materials") is for guidance purposes and intended to assist you in your purchase and enjoyment of the product. Talasey Ltd will have no responsibility or liability, howsoever arising, for reliance on the information provided in the Materials. Talasey Ltd's sole liability in respect of any products shall be as outlined in the terms and conditions of purchase or in any express guarantee relating to the product purchased. Any product guarantee referenced in the Materials is subject to terms and conditions. Whilst we work closely with our partners, any arrangement you make or advice you take from them will be subject to your contract with them. Talasey Ltd has no liability in respect of any act or omission of any third party. Every effort has been taken to ensure that the information contained in the Materials is accurate, specifications and tolerances will be as contained in your order for the products, and may differ from those stated in the Materials, particularly with respect to natural materials, where colours may differ from those illustrated.

Guidance provided by Talasey Ltd is generic and advice should be sought in respect of local environmental and building regulations as applicable.

## ACKNOWLEDGEMENTS

We would like to thank our Designer & Installer Network members, homeowners, merchant network and suppliers who have contributed to the production of this brochure. For full acknowledgement of the work shown in this brochure, please go to [www.talasey.co.uk/acknowledgements](http://www.talasey.co.uk/acknowledgements)
